Scotland

Your journey will start in Dufftown, Speyside, with a rich and spicy **Balvenie 15 Single Barrel Sherry Cask**. This wonderful bottling is released in batches of one cask at a time yielding no more than 650 bottles. A 15 minute walk takes you to **Glenfiddich 15 Distillery Edition**. This creation of bourbon and sherry casks adds complexity to the classic Glenfiddich character with a kick as they chose to bottle it at a higher strength. The third spot is a 12-year-old **Caol Ila Distillers edition**, an Islay malt finished in Moscatel casks. It is smooth and crisp with plenty of Caol Ila bonfire smoke.

Modern Scotland

To meet the new we begin with a smooth and fruity sherry matured **Arran 16**, a single cask bottled by Provenance. This distillery is located on the Isle of Arran and was founded in 1993. **Ailsa Bay** is up next, a state of the art modern distillery in Lowlands that was opened in 2007. A less traditional Lowland malt, with perfect balance between sweetness and smoke. Third contemporary tasting feature is **Kilchoman 5**, Islay, a farmhouse distillery founded in 2005. This is their 10th single cask bottling for Denmark finished on Pedro Ximenez sherry casks that perfectly tames this smoky beast.

Grain

Ichiro Akuto, one of the rockstars of Japanese whisky, is the man behind Ichiro's Malt and Grain from Chichibu distillery. He called it a “worldwide” blend and we can only imagine what casks he sources from his old personal stock for this tropical-peppery beauty. Next up is Teeling Single Grain, a Dublin whiskey matured in Californian Cabernet Sauvignon casks giving it plenty of fruit and spice. Last but not least we are adding Cambus 23 yr to the equation. This Lowland single grain cask, bottled by SMWS is all about toffee, vanilla and nostalgia.

American small-batch

FEW bourbon is your first dram and Chicago is your first stop. A young bourbon with a very interesting flavor profile of sweet corn that spikes with spicy rye and rounds off with smooth malty notes. Next dram brings you to New York and New York brings **Hudson Manhattan Rye** to you. This small batch rye is balanced to perfection and you will certainly remember this bad boy! Going back to Chicago and just a 15 min drive from our first stop you will enjoy **Koval Wheated Bourbon**. To add complexity and sweetness to this bourbon they chose to finish it in sticky Pedro Ximenez casks, wow!

AMERICAN WHISKEY COCKTAILS

Sazerac / La Louisiane
150 dkk / 150 dkk

Sazerac is a true New Orleans classic consisting of rye, sugar, bitters and absinth. We chose **Smooth Ambler rye 7yr** for this creation while replacing absinth with Henri Bardouin pastis. To elaborate further we will honor yet another, New Orleans classic called **La Louisiane**. We will replace the sugar with Benedictine and add Cocchi Storico and to make things even more interesting we are aging this cocktail on a french-oak barrel until perfection is met.

Old Fashioned / Treacle
170 / 170 dkk

Originally a bittered sling and later the pure description of the word cocktail we have the **Old Fashioned** crafted on **Wild Turkey Rare Breed**, cane sugar and bitters. To provide you with another dimension on this beauty you can also enjoy it as a **Treacle** with organic freshly pressed apple juice added to the mix. Created by Dick Bradsell in London he used rum but we will use bourbon for obvious reasons.

Lidkoeb Lemonade
200 dkk serves two

This is a cocktail packed with fresh and elegant flavours, a perfect treat. We made this bottled cocktail consisting of **Four Roses Yellow Label**, fresh apple juice made from organic apples, fresh lemon juice, honey, bitter lemon and bitters. Probably the best lemonade you have ever had and what can be better than sharing it with friends and loved ones!

SNACKS

Chocolate

60 dkk / 20 g

Quality whisky is no stranger to quality chocolate and we chose Friis-Holm for just this reason. This single bean chocolate, sourced directly from the farmers in Nicaragua, is a perfect combination for you sherry style malts or powerful bourbons. Choose between 20g Chuno for fruit and light spice or 20g Rugoso for darker roasted notes with tannins.

Cheese

45 dkk / 100 g

Comté 24 month, French cheese from Franche-Comté, made from unpasteurized cow's milk. Great with overall fruity whiskies and with a little bit of peat it makes a hell of a combo! We serve as it is at 100g.

Smoked almonds

50 dkk / 100 g

Grade Extra no. 1 almonds from Piedmont which are smoked and salted in wood fired ovens. The smoke and salt is a good mouth cleanser and will keep the little hunger away. Be aware they are very addictive. Almonds are served in 100 g portions.
